

Christmas Prayer

I pray this Christmas that your hearts may be open to the joyous and unseen wonder of Christmas, that longs to be unearthed and expressed in a world that is hungry for its beauty.

Christmas is a song that I sing within your heart, whose Spirit writes with love upon your soul. Words of peace, of unity, of embrace, inspire your soul to sing with radiant delight. Like a candle in the window in the darkest of nights, a gentle rain that falls renews the parched earth, the warmth of a summer's dawn that awakens the flowers bloom. So too, is Christmas when expressed through the meekness of your heart.

All around you there exists pain, famine, and war. There is fighting, greed, and loneliness. There is lying, stealing, and emptiness. There are those who have been forgotten, abused, and forsaken. They have been abandoned and killed. Their cries go unanswered, their needs unmet. My pain is their pain, My cry echoes their own. The song of Christmas is the answer to their prayers. But My song remains unheard.

My prayer is one of hope, of joy and of peace -That indifference may vanish in the bond of solidarity, that the darkness and loneliness of hearts may be filled with the light of your hearts, that all who weep will be comforted, all who mourn will find the consolation of peace, that all who are hungry will be satisfied, and all who are weary will find rest. My prayer is answered only through you, through the openness of your heart, through the sincerity of your love, through the beauty of your soul.

I pray that Christmas will burn alive in your hearts all of your days on earth. May you be a beacon of hope to those who dwell in despair and loneliness. May you embrace my name Emmanuel, knowing that I am always and forever alive within your heart and My love seeks to be born from you for all the world to embrace and cherish. I pray that Christmas will be the song of your soul today and every day, and may you experience the richness of the Father's infinite and healing love!

MERRY CHRISTMAS
