

I AM

I am a child of I AM...I AM is a child in me

God's love is a child in my heart and I am a child in Him. We must be childlike and have childlike faith in order to experience the full capacity of the child that lives within us. To express our "inner child", which is the love that God breathed into us when He created us, we must embrace God's love with our whole existence and bring His love to perfection today, tomorrow and every day.

"...God lives in us, and his love is perfected in us." 1JN 4:12

God's love is a child in my heart, it can only grow, mature, thrive and prosper if I AM is alive in me.

For one who does not allow the child to grow, who hides the child away, who neglects the child and therefore attempts to kill the child, cannot live as a child of God. For a child of God is a child who allows the love of God to live in him. From love we are made, to love we shall return, and for love and with love we should live. For as God is a part of me, I am a part of God. I am a part of His love, for this is our destiny, for this we were created, to be children of God's love!

I am the creation of the almighty creator. He who created the heavens and the earth with all of its beauty and wonder; created more beauty in me than all the beauty of world. Even the snow-covered mountains and the seas set on fire by the setting sun, nothing on this earth holds more beauty than the beauty held within me. This is because I hold all love in my soul, God's love which takes refuge in my soul. Nothing leaves God in wonder, but me. For as I look at the stars, so God looks at me, with awe and wonder.

"...God is love, and whoever remains in love remains in God and God in him."

1 JN 4:16

O great I Am

All that I am, I am because of You.

All that I create, I create by the power of Your grace.

All that have, I have because of Your mercy.

All the love in my heart is there because You love me.

May all that I am be forever in Your love.

And may I always be a beacon of Your love.

May I always live as a child of I AM.

Amen

I am a child of I AM...I AM is a child in me
