

Walking On Water

We've heard the story of Jesus walking on water, but why was Jesus walking on the water, what is He trying to tell us by walking on the water? To walk on water is a miracle, but the greater miracle is that Jesus was coming to the disciples. God's love is so powerful that it can overcome any obstacle. Jesus comes to us despite our sins and despite us trying to push Him away. Jesus doesn't just come to us, He invites us to come to Him and with trust in God, we can do anything.

"Everything is possible to one who has faith." Mark 9:23

Jesus walks on water and calls us to do the same. Jesus performs miracles and teaches about God's love. He's calling us to do the same. But do we have the faith to live our faith, to walk on water and accomplish the miracles that God longs to work through us?

"O you of little faith, why did you doubt?" Matthew 14:31

Our prayers, our faith in God, is the most powerful force in heaven and earth. In our prayers and in our faith, lies the full power of God's might...His love. Prayer from the heart can do anything, it has the power to stop violence, suspend the laws of nature, and soften the hardest of hearts. Walking on water, is something that is said to be impossible; yet God is calling us to the impossible every day.

"...for nothing will be impossible for God." Luke 1:37

World peace, no hunger or thirst, no poor and outcast, no suffering, no want. It's not impossible. In fact it's very possible to one who believes in God and the power of His love.

"The fervent prayer of a just person is very powerful." James 5:16

Prayer may seem small and yet it is more powerful than the strongest wind, more devastating than an earthquake and more brilliant than any fire. We are capable of the most unbelievable things, if we have faith in God, faith to act and faith to act with courage and truth. All power is held within the beauty of creation; if we are the greatest of God's creation, then just imagine the power that lies in the beauty of our souls...

"Prayer works wonders, but we have to believe." Pope Francis

Jesus, you believe in me and in all that I am capable of.
Teach me the ways of faith, guide me in all my ways.
Speak life into my soul, fill the emptiness with truth and light.
Heal that which needs to be healed, feed my hunger for Your love.
Help me to embrace my weakness of faith and trust in Your presence.
May I learn to walk with the faith of a child.
And be humble to the ways of Your Spirit.

Amen
